To Whom It May Concern,

The Alzheimer's Association Florida Gulf Coast Chapter is the direct beneficiary of the fundraising event scheduled for 6/1/2015 and being organized by Hilda Hellwig and her volunteers. We confirm that all Sponsorships, Product Donations, Proceeds and any other items of value that are obtained as a result of these fundraising events will be used to fund Research Efforts as well as the Programs & Services provided by the Florida Gulf Coast Chapter to caregivers and families struggling with Alzheimer's Disease & Dementia in the Florida Gulf Coast Region.

We are proud that seventy-nine cents of every dollar donate to our Chapter is allocated for the Research Efforts and Programs & Services mentioned above. The remaining twenty cents are allocated evenly to cover Administrative & Fundraising costs. This statistic is above the industry standard and exemplifies our commitment to being phenomenal stewards of the donations we receive.

If you have any questions that Ms. Hellwig and her group of volunteers cannot answer, please reach out to Craig Mayers ([MayersC@alzflgulf.org](mailto:MayersC@alzflgulf.org)) (727-578-2558).

Thank you!

-Craig Mayers

Development Fundraising Manager
